Independent Auditor's Report

The Members of the Ascension Parish School Board
Donaldsonville, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Ascension Parish School Board (the School Board), as of and for the year ended June 30, 2006, which collectively comprise the School Board's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School Board's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School Board, as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated November 29, 2006, on our consideration of the Ascension Parish School Board's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, grants, agreements and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Governmental Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 2 through 8 and 40 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion to it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Board's basic financial statements. The accompanying other supplementary information on pages 41 through 54 are presented for purposes of additional analysis and are not a required part of the basic financial statements. This supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The information included in the performance and statistical data on pages 64 through 79 have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

ASCENSION PARISH SCHOOL BOARD
MANAGEMENT' S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2006

The Management' s Discussion and Analysis of the Ascension Parish School Board' s financial performance presents a narrative overview and analysis of Ascension Parish School Board' s financial activities for the year ended June 30, 2006. This document focuses on the current year' s activities, resulting changes, and currently known facts in comparison with the prior year' s information (where available).

FINANCIAL HIGHLIGHTS

- ★ The Ascension Parish School Board' s assets exceeded its liabilities at the close of fiscal year 2005 by \$93,282,532.
- ★ During the year, the Board' s revenues exceeded expenses \$14,079,630 at the end of the year.
- ★ State MFP funding increased by approximately \$9.1 million from prior year.
- ★ Investments increased by the approximately \$19.5 million from 2005. The increase is a result of the school board preparing for construction of 2 new elementary and primary schools in future years.

OVERVIEW OF THE FINANCIAL STATEMENTS

The following graphic illustrates the minimum requirements for Special Purpose Governments Engaged in Business-Type Activities established by Governmental Accounting Standards Board Statement 34, Basic Financial Statements - and Management' s Discussion and Analysis - for State and Local Governments.

These financial statements consist of four sections - Management' s Discussion and Analysis (this section), the basic financial statements (including the notes to the financial statements), required supplementary information, and an optional section that presents combining statements for nonmajor governmental funds and internal service funds.

ASCENSION PARISH SCHOOL BOARD
MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2006

Government -wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the School Board's finances, in a manner similar to private sector business.

The *statement of net assets* presents information on all of the School Board's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the school Board is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods. (e.g., uncollected taxes and earned by unused sick leave).

Both of the government-wide financial statements present functions of the School Board that are principally supported by taxes and intergovernmental revenues (governmental activities). The School Board has no functions or activities which are business-like in nature, meaning that they are primarily supported by user fees and charges for services, such as a municipally owned utility system. The governmental activities of the School Board include regular and special education programs, support services, administration, maintenance, student transportation, and school food services. The school Board contains no other units of government (component units) nor is it contained as a component unit of any other level of local or state government.

Fund financial statements. A *fund* is grouping of related accounts that are used to maintain control over the resources that have been segregated for specific activities or objectives. The School Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the School Board can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near term inflows and outflows of spendable resources*, as well as on *balances of spendable resources available* at the end of the fiscal year. Such information may be useful in evaluating a government's near term financial requirements. Because of the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long term impact of the School Board's near-term financing decisions. Both the governmental fund balance and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The School Board maintains dozens of individual

Governmental funds (continued)

governmental funds. Information is presented separately in the government fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, and the Parishwide Sinking Fund, both of which are considered major funds.

The remaining funds are combined into a single, aggregated presentation under the label of other governmental funds, which contains all non-major funds. Individual fund data for each of these non-major funds is provided in the form of combining statements elsewhere in this report.

The School Board adopts annual appropriated budgets for the General Fund and Special Revenue Funds. Budgets were not adopted for Capital Projects Funds and Debt Service Funds. As such, a budget to actual was not prepared for the Parishwide Sinking although it was classified as a major fund.

Proprietary funds- Services for which the Board charges a fee are to be reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long and short-term financial information.

The School board uses internal service funds (the other kind of proprietary fund) to report activities that provide insurance and services for the Board's other programs and activities- such as the Board's Self-Insurance Fund.

Fiduciary funds- Fiduciary Funds are used to account for resources held for the benefit of outside parties such as students. Fiduciary funds are not reflected in the government-wide financial statements because of the resources of those funds are not available to support the School Board's programs. The sole fiduciary fund of the School board is the School Activity Fund, which contains monies belonging to the schools, their students, and clubs and other activities.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2006, the Ascension Parish School Board had \$96,694,491 (net of depreciation) invested in a broad range of capital assets, including land, building, and equipment. (See Table below)

This amount represents a net increase (including additions, deductions, and changes in capitalization) of \$87,252, or 1%, over last year.

Capital Assets at Year-end
(Net of Depreciation)

	2006	2005	change

	<u>\$ 96,694,491</u>	<u>\$ 96,607,239</u>	<u>\$ 87,252</u>

- This year's major additions included numerous computers and equipment for various schools.

Long-term debt. At the end of the current fiscal year, the School Board had bonded debt outstanding of \$57,570,000. This was a 19.2% increase in bonds payable over last year.

New debt in the amount of \$15,000,000 was issued for the purpose of acquiring and/or improving lands for building sites and construction of new schools. In addition, the bonds were issued for technology and software and acquiring the necessary equipment and furnishings. More detailed information about the Board's long-term liabilities is presented in Note 7 to the financial statements.

VARIATIONS BETWEEN ORIGINAL AND FINAL BUDGETS

Over the course of the year, the Board revised the budget. The budget amendments are as follows:

- Sales tax collections were approximately \$6.7 million higher than expected.
- MFP increased nearly \$6 million.
- Amendments were made to correct the estimated expenditure amounts in the original budget by nearly \$10.3million.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

Growth of the parish should be consistent prior years.

The Ascension Parish School Board's elected and appointed officials considered the following factors and indicators when setting next year's budget, rates, and fees. These factors and indicators include:

- Property tax millages will be the same as prior years.
- Expenditures are expected to increase by nearly \$11.3 million next fiscal year.
- MFP funds are budgeted for an increase of approximately \$8.9 million from 2006 budget.
- Next year's budget reflects a decline in sales taxes of \$4.7 million. Sales taxes peaked in 2006 as a result of Hurricanes Katrina and Rita.

The Ascension Parish School Board expects that next year's results to be consistent with the current year.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

The Ascension Parish School Board (School Board) is a corporate body created under Louisiana Revised Statutes 17:51. A board consisting of 11 members (the Board) elected from legally established districts is charged with the management and operation of the school system.

The school system is composed of a central office, and 21 schools. Student enrollment as of October 2005 was approximately 18,700. The regular school term normally begins during the latter half of August and runs until the end of May.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the School Board conform to generally accepted accounting principles (GAAP) as applicable to governments. The Governmental Accounting Standards Board (GASB) is the standard setting body for establishing governmental accounting and financial reporting principles.

This financial report has been prepared in conformity with GASB Statement No. 34, *Basic financial Statements – and Managements discussion and Analysis – for State and local Governments*, issued June 1999. The following is a summary of the School Board's significant policies.

A. Financial Reporting Entity

GASB Statement 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the school board is considered a primary government, since it is a special purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement 14, fiscally independent means that the school board may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The school board also has no component units, defined by GASB Statement 14 as other legally separate organizations for which the elected school board members are financially accountable. There are no other primary governments with which the school board has a significant relationship.

B. Fund Accounting

The financial transactions of the School Board are recorded in individual funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues and expenditures. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain school board functions and activities. A fund is defined as a separate fiscal and accounting entity with a self balancing set of accounts.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Fund Accounting (continued)

Funds of the school board are classified into three broad categories: Governmental, Proprietary and Fiduciary, as discussed below.

Governmental Fund Types:

Governmental funds are used to account for all or most of the school board's general activities. These funds focus on the sources, uses and balances of the current financial resources. Expendable assets are assigned to various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the school board. The following are the school board's primary governmental funds:

General Fund - The General Fund is the general operating fund of the School Board. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of general long-term debt principal, interest and related costs.

Capital Projects Fund - The Capital Projects fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Proprietary Fund:

Internal Service Funds- Internal Service Funds are used to account for the financing of services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis.

Fiduciary Fund:

Fiduciary fund reporting focuses on net assets and changes in the net assets. The only fund accounted for in this category by the school board is the agency fund. Agency Funds are used to account for assets held by The Board in a trustee capacity or as an agent for individuals, private organizations or other governmental units and/or other funds. Consequently, the agency fund has no measurement focus, but utilizes the accrual basis of accounting.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Presentation

The School Board's Basic Financial Statements consist of the government-wide statements on all of the non-fiduciary funds activities and fund financial statements (individual major fund and combined non-major fund). The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units. Private sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide financial statements and the propriety fund financial statements to the extent that those standards do not conflict or contradict guidance of the GASB.

D. Measurement Focus/ Basis of Accounting

Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the reporting government as a whole. These statements include all the financial activities of the school board, except for the Fiduciary Fund. The Fiduciary Fund is only reported in the Statement of Net Fiduciary Assets at the Fund Financial Statement level.

The GWFS were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from the exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB No. 33, *Accounting and Reporting for Nonexchange transactions*.

Program Revenues

Program revenues included in the Statement of Activities are derived directly from parties outside of the school board's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the school board's general revenues.

Allocation of Indirect Expenses

The school board reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable by function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense which can be specifically identified by function is included in the direct expenses of each function. Depreciation on the buildings is assigned to the general administration function due to the fact that school buildings serve multiple purposes. Interest on long term debt is considered an indirect expense and is reported separately on the Statement of Activities.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Measurement Focus/ Basis of Accounting (continued)

Fund Financial Statements (FFS)

Governmental Funds

The accounting and financial reporting treatments applied to a fund is determined by its measurement focus. All Governmental Funds are accounted for using a current financial resources measurement focus. The Proprietary Fund type is accounted for on a flow of economic resources measurement focus (accrual basis). With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financial sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Governmental Funds are accounted for on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become measurable and available to pay current period liabilities. Such revenue items are ad valorem taxes, sales taxes and state and federal entitlements. Sales and use taxes and ad valorem taxes are considered "available" when expected to be collected within the next two months. Revenue from state and federal grants is recorded when the reimbursable expenditures have been incurred.

Proprietary Funds- Internal Service funds consist solely of those established to account for self-insurance programs. Premium revenues are considered operating revenues while all other revenues are non-operating.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Costs of accumulated unpaid vacation, sick leave and other employee benefit amounts are reported in the period due and payable rather than the period earned by employees and general long-term obligations principal and interest payments are recognized only when due.

E. Budget and Budgetary Accounting

The School Board follows these procedures in establishing the budgetary data reflected in the combined financial statements:

The General Fund and the Special Revenue Funds are the only funds with legally required budgets. All of the Special Revenue Funds have legally required budgets. The General Fund budget and the Special Revenue Funds' budgets are adopted on an annual basis.

Prior to September 15, the Superintendent submits to the Board a proposed annual appropriated budget for the General Fund for the fiscal year commencing the prior July 1.

The operating budgets include proposed expenditures and the means of financing them. Public hearings are conducted to obtain taxpayer comments.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Budget and Budgetary Accounting (continued)

Prior to September 15, the General Fund budget is legally enacted through adoption by the Board.

Formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue Funds. Formal budgetary integration is not employed for the Debt Service Fund because effective budgetary control is alternatively achieved through general obligation bond indenture provisions.

Unencumbered appropriations in the General Fund lapse at the end of the fiscal year. Budgeted amounts are as originally adopted or as amended by the Board. Legally the Board must adopt a balanced budget; that is, total budgeted revenues and other financing sources including fund balance must equal or exceed total budgeted expenditures and other financing uses. State statutes require the Board to amend its budgets when revenues plus projected revenues within a fund are expected to be less than budgeted revenues by five percent or more and/or expenditures within a fund are expected to exceed budgeted expenditures by five percent or more. The School Board approves budgets at the fund level and management can transfer amounts between line items.

Special Revenue Funds' budgets that are not grant-oriented have annual appropriated budgets adopted prior to September 15 by the Board. Grant funds are included in Special Revenue Funds and their budgets are adopted at the time the grant applications are approved by the grantor. Unencumbered appropriations of grant-oriented Special Revenue Funds are reappropriated at the beginning of the following fiscal year. Unencumbered appropriations of certain nongrant-oriented Special Revenue Funds lapse at the end of the fiscal year. The Capital Projects Fund budget is adopted on a project basis as projects are approved by the Board. By statute, the Board is not required to adopt a budget for its Capital Projects Fund; therefore, these funds utilize project budgets rather than annual budgets and accountability is controlled over the life of the project. These budgets are adopted on a basis consistent with GAAP.

All budget amounts presented in the combined financial statements have been adjusted for legally authorized revisions of the annual budgets during the year. All budget revisions are approved by the 11-member Board.

F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits and certificates of deposits with maturity dates within three months of the dates acquired.

The School Board maintains eleven bank accounts, exclusive of the individual schools' bank accounts, with the School Board's fiscal agent bank. These eleven accounts are the consolidated cash account and eight interest bearing accounts for disbursements of payrolls, disbursements to vendors, and bond debt payments. As of June 30, 2006, there were no cash overdrafts with the fiscal agent bank.

The School Board maintains separate "book" cash accounts for each separate fund. Negative book cash balances appear in the combined financial statements as a liability, "Due to Other Funds."

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Investments

The Ascension Parish School Board may also invest in U. S. government securities, debentures, and other allowable obligations issued on guaranteed by federal agencies provided such obligations are backed by the full faith and credit of the United States of America. Investments are stated at fair value. Fair value was determined using quoted market prices.

Investment income includes interest earned, realized gains and losses, and unrealized gains and losses (changes in fair value).

H. Inventory

Inventory is stated at the lower of cost or market based on information provided by the United States Department of Agriculture. Inventory consists of expendable supplies held for consumption. The costs of inventory items are recognized as expenditures when used.

I. Capital Assets

Capital assets are capitalized at historical cost, or estimated historical cost for assets where the actual historical cost is not available. Donated assets are recorded as capital assets at their estimated fair value at the date of the donation. The system for the accumulation of fixed asset cost data does not provide the means for determining the percentage of assets valued at actual and those valued at estimated cost. The School Board maintains a threshold level of \$ 1,000 for capitalizing assets.

Capital assets are recorded in the GWFS, but are not recorded in the FFS. All capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes by the school board, no salvage value is taken into consideration for depreciation purposes. Useful lives are approximately 40 years for buildings and 3 to 20 years for equipment.

The School Board does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Amounts expended for such items prior to June 30, 2001 were considered to be part of the cost of buildings or other immovable property such as stadiums. In the future, if such items are built or constructed, and appear to be material in cost compared to all capital assets, they will be capitalized and depreciated over their estimated useful lives as with all other capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Reserves and Designations

Portions of fund balances are reserved for future use and, therefore, are not available for appropriation or expenditure. Designations of unreserved fund balances in Governmental Fund types indicate the School Board's plans for the use of financial resources in a future period.

K. Interfund Transactions

During the course of normal operations, the School Board has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets and service debt. The accompanying financial statements generally reflect such transactions as operating transfers.

L. Sales and Use Tax

The voters of Ascension Parish authorized the School Board to levy and collect a two percent parishwide sales and use tax. A one percent tax approved on June 12, 1965, and amended on July 19, 1967, is to be used for teachers' salaries, expenses of operating the schools, and if budgeted, up to 25 percent for capital improvements. The other one percent sales and use tax, approved by the voters on April 5, 1980, and rededicated on April 5, 1981, is to be used as follows:

1. For the costs of collecting sales and use tax.
2. For debt service and bond reserve requirements; however, bonds must not be issued in an amount that will require payments in excess of 25 percent of net proceeds of the tax established by the latest school board budget.
3. Sixty percent of the net proceeds of the sales and use tax is to be used for salaries and related employee benefits.
4. Ten percent of the net proceeds of the sales and use tax is to be used for the operation and maintenance of the public elementary and secondary schools.
5. The remainder of the net proceeds of the sales and use tax shall be used for the acquisition and construction of capital improvements.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

M. Compensated Absences

Teachers and other school employees accrue from 10 to 12 days of sick leave per year depending upon the number of months worked. Sick leave may be accumulated without limitation. Upon death or retirement, unused accumulated sick leave of up to 25 days is paid to employees or their heirs at the employee's current rate of pay. The accrual computation for earned sick leave is calculated on a 25-day maximum per employee. Sick leave is not payable upon discharge or termination. Upon retirement, accumulated sick leave is used in the retirement benefit computation as earned service.

All 12-month employees earn from 10 to 20 days of annual vacation leave per year depending on length of service with the School Board.

In Governmental Fund types, sick and vacation leave that has been claimed by employees as of the end of the fiscal year is recorded as an expenditure in the year claimed. Sick leave accrued as of the end of the fiscal year is valued using employees' current rates of pay. Accrued sick leave will be paid from future years' resources. No allowance is made for the immaterial amounts of sick leave forfeited when employees resign or retire.

N. Non-Operating and Operating Revenues- Proprietary Funds

Premium revenues, claims expense and administrative costs customarily associated with self-insurance programs are accounted for as operating revenues and expenses.

3. EQUITY IN POOLED CASH, DEPOSITS AND INVESTMENTS

A. Equity in Pooled Cash

The School Board maintains a cash pool that is available for use by all funds. Positive book cash balances are displayed on the combined balance sheet as "Cash." Negative book cash balances are included in "Due to Other Funds" on the combined balance sheet.

B. Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the School System's deposits may not be returned to them. To mitigate this risk, state law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent financial institution. As of June 30, 2006, the bank balance was \$12,265,748. Of the bank balance, \$11,929,300 was covered by federal depository insurance and \$336,448 was uninsured.

Securities that may be pledged as collateral consist of obligations of the U.S. Government and its agencies, obligations of the State of Louisiana and its municipalities and school districts.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

3. EQUITY IN POOLED CASH, DEPOSITS AND INVESTMENTS (continued)

C. Investments

The School System adopted Governmental Accounting Standards Board Statement No. 40, *Deposit and Investment Risk Disclosures*, during the fiscal year ended June 30, 2006. As of June 30, 2006, the Board had the following investments and maturities:

3. EQUITY IN POOLED CASH, DEPOSITS AND INVESTMENTS (continued)

C. Investments (continued)

Treasury, U.S. Agencies and instrumentalities, repurchase agreements, certificates of deposits, Louisiana Asset Management Pool (LAMP), and other investments as provided in the statute. The Board has no investment policy that would further limit its investment choices. As of June 30, 2006, the Board's investment in U.S. Agencies was rated AAA by Moody's Investors Service and AAA by Standard & Poor's.

Concentration of Credit Risk- The Board places no limit on the amount the Board may invest in any one issuer. More than 5 percent of the Board's investments are in Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, and Federal Farm Credit. These investments are 33%, 43%, and 18% and 7%, respectively.

4. AD VALOREM TAXES

All taxable property in Louisiana is required by law to be assessed annually at a percentage of its fair market value by the Parish Assessor except for public utility property, which is assessed by the Louisiana Tax Commission.

The 1974 Louisiana Constitution (Article 7 Section 18) provided that land and improvements for residential purposes be assessed at 10% of fair market value; other property and electric cooperative properties, excluding land, are to be assessed at 15% and public service properties, excluding land, are to be assessed at 25% of fair market value. Fair market value is determined by the elected assessor of the parish on all property subject to taxation except public service properties, which is valued by the Louisiana Tax Commission (LRS 47:1957). The correctness of assessments by the assessor is subject to review and certification by the Louisiana Tax Commission. The Assessor is required to reappraise all property subject to taxation at intervals of not more than four years. The following is a summary of levied ad valorem taxes for the fiscal years ended June 30, 2006.

	<u>Levied Millage</u>
Parishwide taxes:	
Constitutional	3.61
Maintenance	13.90
Bond and interest	15.08
Salaries	<u>21.00</u>
	<u>53.59</u>

The Sheriff of Ascension Parish, as provided by State law, is the official tax collector of general property taxes levied by the School Board.

Taxes are due and payable by December 31 of the assessment year, and the lien date is January 1, of the following calendar year.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

4. AD VALOREM TAXES (continued)

State law requires the Sheriff to collect property taxes in the calendar year in which the assessment is made. Property taxes become delinquent January 1 of the following year. If taxes are not paid by the due date, taxes bear interest at the rate of one and one-fourth percent per month until taxes are paid. After notice is given to the delinquent taxpayers, the Sheriff is required by the Constitution of the State of Louisiana to sell the least quantity of property necessary to settle the taxes and interest owed.

All property taxes are recorded in the General Fund, and Debt Service Fund on the basis explained in note 2C. Revenues in such funds are recognized in the accounting period in which they become measurable and available. Property taxes are considered measurable in the calendar year of the tax levy. Estimated uncollectible taxes are those taxes based on past experience which will not be collected in the subsequent year and are primarily due to subsequent adjustments to the tax roll. Available means due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to pay liabilities of the current period. The remaining property taxes receivable are considered available because they are substantially collected within 60 days subsequent to year end.

Historically, virtually all ad valorem taxes receivable were collected since they are secured by property. Therefore, there is no allowance for uncollectible taxes.

5. RETIREMENT SYSTEMS

Substantially all employees of the School Board are members of two statewide retirement systems. In general, professional employees (such as teachers and principals) and lunchroom workers are members of the Teachers' Retirement System of Louisiana; other employees, such as custodial personnel and bus drivers, are members of the Louisiana School Employees' Retirement System. These systems are cost-sharing, multiple-employer defined benefit pension plans administered by a separate board of trustees. Pertinent information relative to each plan follows:

A. Teachers' Retirement System of Louisiana (TRS)

Plan Description. The TRS consists of two membership plans: Regular Plan, Plan A and Plan B. The TRS provides retirement benefits as well as disability and survivor benefits. Ten years of service credit is required to become vested for retirement benefits and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The TRS issued a publicly available financial report that includes financial statements and required supplementary information for the TRS. That report may be obtained by writing to the Teachers' Retirement System of Louisiana, Post Office Box 94123, Baton Rouge, Louisiana 70804-9123, or by calling (225) 925-6446.

5. RETIREMENT SYSTEMS (continued)

Funding Policy. Plan members are required to contribute 8.0%, 9.1% and 8.0% of their annual covered salary for the Regular Plan, Plan A and Plan B. The School Board is required to contribute at an actuarially determined rate. The current rate is 15.9 percent of annual covered payroll for all three membership plans. Member contributions and employer contributions for the TRS are established by state law and rates are established by the Public Retirement Systems' Actuarial Committee. The School Board's employer contribution for the TRS, as provided by state law, is funded by the State of Louisiana through annual appropriations, by deductions from local ad valorem taxes, and by remittances from the School Board.

The School Board's contributions to the TRS for the years ended June 30, 2006, 2005, and 2004 were \$9,868,992, \$8,600,612, and \$7,502,124, respectively, equal to the required contributions for each year.

B. Louisiana School Employees' Retirement System (LSERS)

Plan Description. The LSERS provides retirement benefits as well as disability and survivor benefits. Ten years of service credit is required to become vested for retirement benefits and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The LSERS issues a publicly available financial report that includes financial statements and required supplementary information for the LSERS. That report may be obtained in writing to the Louisiana School Employees' Retirement System, Post Office Box 44516, Baton Rouge, Louisiana 70804, or by calling (225) 925-6484.

Funding Policy. Plan members are required to contribute 7.50% of their annual covered salary and the School Board is required to contribute at an actuarially determined rate. The current rate is 18.4% of covered payroll. Member contributions and employer contributions for the LSERS are established by state law and rates are established by the Public Retirement Systems' Actuarial Committee. The School Board's employer contribution for the LSERS is funded by the State of Louisiana through annual appropriations.

The School Board's contributions to the LSERS for the years ending June 30, 2006, 2005 and 2004 were \$1,151,0184, \$816,054, and \$465,086, respectively, equal to the required contributions for each year.

ASCENSION PARISH SCHOOL BOARD

NOTES TO THE FINANCIAL STATEMENTS

6. POSTRETIREMENT BENEFITS

The School Board in accordance with State statutes, provides certain postretirement health care and life insurance benefits to its former employees. Substantially all of the School Board's employees may become eligible for such benefits upon reaching retirement age. The health insurance premiums are paid jointly by the School Board and the State. For the year ended June 30, 2006, the School Board paid approximately 50% of the health insurance premiums for retired employees. The cost of retirement health care is recognized as an expenditure/expense as premiums are paid. For fiscal year 2006, the School Board's cost for providing all health care and life insurance benefits to the 605 retired employees and their dependents amounted to \$5,676,958.

The School Board has a continuing future obligation for life insurance and health care benefits for retired teachers and noninstructional employees and their dependents. This future liability is not funded but will be payable by the General Fund out of future years' operations. Although actuarial consultants estimated that this future liability is significant, current generally accepted accounting principles do not require the School Board to reflect this liability in the basic financial statements. Except for one-half of the dependent coverage, no contributions are required by the retirees to help finance these future benefits, and at the present time, up to one-half of the premiums is paid by the State of Louisiana.

7. GENERAL LONG-TERM OBLIGATIONS

The following is a summary of the long-term obligation transactions for the years ended June 30, 2006:

	<u>Bonded Debt</u>	<u>Compensated Absences</u>	<u>Total</u>
Long-term obligations at June 30, 2005	\$ 48,280,000	\$ 2,378,808	\$ 50,658,808

7. GENERAL LONG-TERM OBLIGATIONS (Continued)

On January 1, 2003, the Board issued \$17,820,000 in General Obligation Bonds with an average interest rate of 3.25 percent along with an additional cash contribution of \$4,130,000 for the purpose of (a) current refunding of \$5,640,000 General Obligation School Refunding Bonds, Series 1993A, (full redemption on March 1, 2003) dated June 1, 1993, maturing March 1, 2004 to March 1, 2013, inclusive, (b) current refunding \$2,780,000 General Obligation School Bonds, series 1993B, (full redemption on March 1, 2003) dated June 1, 1993, maturing March 1, 2004 to March 1, 2013, inclusive, (c) advance refunding of \$6,425,000 General Obligation School Bonds, Series 1994, dated January 1, 1994, maturing March 1, 2005 to March 1, 2013, inclusive, and (d) advance refunding \$5,640,000 General Obligation School Bonds, Series 1995, dated March 1, 1995, maturing March 1, 2006 to March 1, 2015, inclusive, and paying the costs of issuance of the Bonds.

In accordance with Louisiana Revised Statute 39:562, the School Board is legally restricted from incurring long-term bonded debt secured by property taxes in excess of 35 percent of the assessed value of taxable property. The statutory limit is \$192,750,000, and outstanding bonded debt totals \$57,570,000.

In addition, the School Board is legally restricted from incurring long-term bonded debt secured by sales and use taxes in excess of 75 percent of the avails of the tax as prescribed by LSA-R.S. 33:2728.25(A). The School Board was within this 75 percent limitation in 1980 when the sales tax bonds were issued.

13. SUBSEQUENT EVENTS

On October 11, 2006, the school board purchased forty five acres of property in the amount of \$816,000. The property is located Prairieville and was purchased for the future construction of a new school.

On October 12, 2006, the school board entered into a contract for the new classroom building addition at Donaldsonville High School in the amount of \$1,461,859.

On November 16, 2006, the school board awarded a contract in the amount of \$11,158,000 for the construction of the new K-5 school on Parker Road.

14. RISK MANAGEMENT

The School Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; employees health; and natural disasters. During the year ended June 30, 2006, the school board purchased commercial insurance to cover its risks of loss except for health insurance.

On November 1, 2004 the School Board began providing health coverage for its employees. The Health Fund accounts for the School System's group health insurance program for its active and retired employees. The Board is obligated to pay all claims up to \$150,000 per covered person per policy period. A maximum lifetime benefit of \$2,000,000 per employee is allowed.

A liability for a claim is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss is reasonably estimable.

A reconciliation of the unpaid claims liability as of June 30 follows:

Unpaid Claims as of July 1, 2005		\$ 1,250,290

NON-MAJOR FUND DESCRIPTIONS

TECHNOLOGY LITERACY CHALLENGE

The purpose of this grant is to develop, adapt, or expand existing and new applications of technology to support reform effort, fund projects to improve student learning and support professional development and administrative support, and acquire connectivity linkages, resources and services to include the acquisition of hardware and software.

SCHOOL FOOD SERVICE

This fund includes lunch and breakfast operations and accounts for the financial activities of the food service program in the school system during the regular school term. The basic goals of this program are to serve nutritionally, attractive, and moderately priced meals, to help children grow both socially and emotionally, to extend educational influence to the home of school children, and to provide learning experiences that will improve children's food habits with the ultimate goal of physically fit adults.

BOND SINKING FUND

The 1981 Bond Sinking Fund is used to pay the 1981 bond issue. The bond was issued by the School Board for the purpose of acquiring land, buildings and furnishings. This issue is financed by a one percent sales and use tax approved by the voters of Ascension Parish on April 5, 1980.

PARISHWIDE FUND

The Parishwide Fund is used to pay the seven parishwide bond issues. The bonds were issued by the School Board for capital improvements. These issues are financed by a special property tax levied on property within the parish.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Members of the Ascension
Parish School Board
Donaldsonville, Louisiana

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining information fund information of Ascension Parish School Board as of and for the year ended June 30, 2006, which collectively comprise the Ascension Parish School Board's basic financial statements and have issued our report thereon dated November 29, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ascension Parish School Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Governmental Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as items 2006-01 and 2006-02.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Ascension Parish School Board's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the School Board, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133**

The Members of the Ascension
Parish School Board
Donaldsonville, Louisiana

Compliance

We have audited the compliance of Ascension Parish School Board with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. Ascension Parish School Board's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Ascension Parish School Board's management. Our responsibility is to express an opinion on Ascension Parish School Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Ascension Parish School Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Ascension Parish School Board's compliance with those requirements.

In our opinion, Ascension Parish School Board complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2006-03, 2006-04 and 2006-05.

Internal Control Over Compliance

The management of Ascension Parish School Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Ascension Parish School Board's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining information of Ascension Parish School Board as of and for the year ended June 30, 2006, and have issued our report thereon dated November 29, 2006. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise Ascension School Board's basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by OMB Circular A-133 and is not required as a part of the basic financial statements. Such information has been subjected to auditing procedures applied in the audit of the basic financial statements and, in our opinion is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended for the information of the School Board, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2006

A. SUMMARY OF AUDIT RESULTS

1. The auditors' report expresses an unqualified opinion on the financial statements of Ascension Parish School Board.
2. There were two instances of noncompliance relative to the financial statements of Ascension Parish School Board reported in Part B of this schedule.
3. The auditors' report on compliance for the major federal award program for Ascension Parish School Board expresses an unqualified opinion.
4. There were three audit findings relative to the major federal award program for Ascension Parish School Board reported in Part C. of this schedule.
5. The programs tested as a major program were Special Education- IDEA- Part B and Preschool CFDA Numbers 84.027A and 84.173A, FEMA CFDA number 97.036 and Temporary Emergency Impact Aid for Displaced Students- CFDA number 84.938C.
6. The threshold for distinguishing Types A and B programs was \$619,589.
7. Ascension Parish School Board was determined to be a low-risk auditee.

B. FINDINGS – FINANCIAL STATEMENT AUDIT

2006-01 Cash Management

Finding: The Board did not have adequate pledged collateral to cover the government's deposits of public funds at a financial institution in the amount of \$334,448 for the self insurance health care account.

Criteria: LSA-RS39:1211 requires that a local depository authority should have adequate pledged collateral to cover all deposits of public funds in order to be federally insured under the FDIC limits.

Recommendations: The Board should seek an attorney general's opinion and verify with the financial institution that proper amount of pledged collateral is pledged against the self insurance funds.

Management Response: The Board agrees with the finding and the auditor's recommendation will be adopted.

ASCENSION PARISH SCHOOL BOARD
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2006

B. FINDINGS – FINANCIAL STATEMENT AUDIT (continued)

2006-02 Local Budget Act

Finding: The Special education program had expenditures that exceeded budgeted expenditures by more than 5% for the year ended June 30, 2006.

Criteria: Louisiana Revised Statute 39:1311 states that actual expenditures may not exceed budgeted expenditures by more than 5% for funds that have over \$500,000 in total expenditures for the year.

Recommendation: The School Board should review all budgeted amounts near year end to determine if amendments to the budgets are necessary to comply with State Budget Laws.

Management Response: Budgets will be properly amended in future.

C. FINDINGS AND QUESTIONED COST – MAJOR FEDERAL AWARD PROGRAMS AUDIT

DEPARTMENT OF HOMELAND SECURITY

**Questioned
Costs**

Public Assistance Grants- FEMA- CFDA No. 97.036

2006-03 Allowable Costs- Year ended June 30, 2006

\$87,261

Finding: The School Board received reimbursement for invoices totaling \$87,261 from FEMA; however, the same invoices were reimbursed by other federal funds.

Recommendation: The Board should compare all reimbursement requests to the general ledger to ensure proper reporting. Reports should be amended to reflect the proper invoices and should be resubmitted to FEMA.

Management Response: The Board will amend reports to reflect correct invoices and purchase orders.

C. FINDINGS AND QUESTIONED COST - MAJOR FEDERAL AWARD PROGRAMS AUDIT (cont'd)

2006-04 Allowable Costs- Year ending June 30, 2006 **\$10,965**

Finding: An invoice totaling \$10,965 was listed twice in the reimbursement request for FEMA. Therefore, the expenditure was reimbursed twice by FEMA.

Recommendation: The Board should perform a detailed review of reimbursement requests and compare totals to the general ledger to ensure proper reporting. Reports should be amended and resubmitted to FEMA.

Management Response: Reports will be amended to reflect the correct invoice and purchase order.

Total- Department of Homeland Security **\$98,266**

DEPARTMENT OF EDUCATION

Temporary Emergency Impact Aid Program- CFDA No. 84.938C

2006-05 Eligibility- Year ending June 30, 2006 **\$10,137**

Finding: The Board was unable to provide proper enrollment documentation to support reimbursement requests for displaced students.

Effect: The enrollment documentation did not support special education services that were provided to 17 students. Students were reimbursed at the higher special education rate rather than at the regular education rate.

Recommendation: The board should amend reports to reflect the excess funds received in the amount of \$10,137.

Management Response: The board will adopt the auditor's recommendation.

**Independent Accountant's Report
On Applying Agreed-Upon Procedures**

To the Members of the
Ascension Parish School Board

We have performed the procedures included in the *Louisiana Governmental Audit Guide* and enumerated below, which were agreed to by the management of Ascension Parish School Board and the Legislative Auditor, State of Louisiana, solely to assist users in evaluating management's assertions about the performance and statistical data accompanying the annual financial statements of Ascension Parish School Board and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education (BESE) Bulletin. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings relate to the accompanying schedules of supplemental information and are as follows:

General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule A)

Procedure #1:

We selected a random sample of 25 transactions and reviewed supporting documentation to determine if the sampled expenditures/revenues are classified correctly and are reported in the proper amounts for each of the following amounts reported on the schedule:

- Total General Fund Instructional Expenditures,
- Total General Fund Equipment Expenditures,
- Total Local Taxation Revenue,
- Total Local Earnings on Investment in Real Property,
- Total State Revenue in Lieu of Taxes,
- Nonpublic Textbook Revenue, and
- Nonpublic Transportation Revenue.

Results of procedure # 1:

In performing the testing on the sample of expenditures/revenues, we noted no transactions that were inappropriately classified or were recorded at an inappropriate amount.

Education Levels of Public School Staff (Schedule B)

Procedure # 2

We reconciled the total number of full-time classroom teachers per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule D) to the combined total number of full-time classroom teachers per this schedule and to school board supporting payroll records as of October 1st.

Results of Procedure # 2:

No differences were noted between the number of full-time classroom teachers per schedule 4 and schedule 2, or between the schedules and the Oct. 1 payroll records.

Procedure # 3

We reconciled the combined total of principals and assistant principals per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule D) to the combined total of principals and assistant principals per this schedule.

Results of procedure # 3

No differences were noted between the number of principals and assistant principals per schedule D and schedule B, or between the schedules and the Oct. 1 payroll records.

Procedure # 4

We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1st and as reported on the schedule. We traced a random sample of 25 teachers to the individual's personnel file and determine if the individual's education level was properly classified on the schedule.

Results of Procedure # 4:

In our sample of 25 employees, no discrepancies existed between the aforementioned listing and the schedule.

Number and Type of Public Schools (Schedule C)

Procedure # 5

We obtained a list of schools by type as reported on the schedule. We compared the list to the schools and grade levels as reported on the Title I Grants to Local Educational Agencies (CFDA 84.010) application.

Results of Procedure # 5:

We noted no discrepancies between the schools as listed in the National School Lunch Program application and the list supporting the schools represented in the schedule.

Experience of Public Principals and Full-time Classroom Teachers (Schedule D)

Procedure #6

We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1 and as reported on the schedule and traced the same sample used in procedure 4 to the individual's personnel file and determined if the individual's experience was properly classified on the schedule.

Results of Procedure # 6:

In our sample of 25 employees, no discrepancies existed between the aforementioned listing and the schedule.

Public Staff Data (Schedule E)

Procedure # 7

We obtained a list of all classroom teachers including their base salary, extra compensation, and ROTC or rehired retiree status as well as full-time equivalent as reported on the schedule and traced a random sample of 25 teachers to the individual's personnel file and determined if the individual's salary, extra compensation, and full-time equivalents were properly included on the schedule.

Results of procedure # 7:

In our sample of 25 employees, no discrepancies existed between the aforementioned listing and the schedule.

Procedure # 8

We recalculated the average salaries and full-time equivalents reported in the schedule.

Results of procedure # 8:

We noted no differences in the averages reported on the schedule and our calculations.

Class Size Characteristics (Schedule F)

Procedure # 9

We obtained a list of teachers and the classes that they teach with the class size and reconciled that list to the total classes for each class size category as reported on the schedule. We then traced a random sample of 10 classes to the October 1st roll books for those classes and determined if the class was properly classified on the schedule.

Results of Procedure # 9

In our sample of 10 classes, 3 were not in agreement with the aforementioned listing and the schedule.

Louisiana Educational Assessment Program (LEAP) for the 21st Century (Schedule G)

Procedure # 10

We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by the Ascension Parish School Board.

Results of Procedure # 10:

No differences were noted.

The Graduation Exit Exam for the 21st Century (Schedule H)

Procedure # 11

We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by the Ascension Parish School Board.

Results of Procedure # 11

No differences were noted.

The Iowa and iLeap Tests (Schedule I)

Procedure # 12

We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by the Ascension Parish School Board.

Results of Procedure # 12

No differences were noted.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of Ascension Parish School Board, the Louisiana Department of Education, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

CORRECTIVE ACTION PLAN

November 29, 2006

Louisiana Legislative Auditor

Ascension Parish School Board respectfully submits the following corrective action plan for the year ended June 30, 2006.

Name and address of independent public accounting firm:

Postlethwaite & Netterville, APAC
326 E. Cornerview
Gonzales, LA 70737

Audit period: July 1, 2005 – June 30, 2006

The findings from the June 30, 2006 schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS – FINANACIAL STATEMENT AUDIT

2006-01 Cash Management

Finding: The Board did not have adequate pledged collateral to cover the government's deposits of public funds at a financial institution in the amount of \$334,448 for the self insurance health care account.

Recommendations: The Board should seek an attorney general's opinion and verify with the financial institution that proper amount of pledged collateral is pledged against the self insurance funds.

Action Taken: The Board will seek an attorney general's opinion regarding the collateral.

An Equal Opportunity Employer

2006-02 Local Budget Act

Finding: The Special education program had expenditures that exceeded budgeted expenditures by more than 5% for the year ended June 30, 2006.

Recommendation: The School Board should review all budgeted amounts near year end to determine if amendments to the budgets are necessary to comply with State Budget Laws.

Action Taken: Budgets will be properly amended in future.

FINDINGS AND QUESTIONED COST – MAJOR FEDERAL AWARD PROGRAMS AUDIT

DEPARTMENT OF HOMELAND SECURITY

**Questioned
Costs**

Public Assistance Grants- FEMA- CFDA No. 97.036

2006-03 Allowable Costs- Year ended June 30, 2006

\$87,261

Finding: The School Board received reimbursement for invoices totaling \$87,261 from FEMA; however, the same invoices were reimbursed by other federal funds.

Recommendation: The Board should compare all reimbursement requests to the general ledger to ensure proper reporting. Reports should be amended to reflect the proper invoices and should be resubmitted to FEMA.

Action Taken: The Board will amend reports to reflect correct invoices and purchase orders.

2006-04 Allowable Costs- Year ending June 30, 2006

\$10,965

Finding: An invoice totaling \$10,965 was listed twice in the reimbursement request for FEMA. Therefore, the expenditure was reimbursed twice by FEMA.

Recommendation: The Board should perform a detailed review of reimbursement requests and compare totals to the general ledger to ensure proper reporting. Reports should be amended and resubmitted to FEMA.

Action Taken: Reports will be amended to reflect the correct invoice and purchase order.

Total- Department of Homeland Security

\$98,266

DEPARTMENT OF EDUCATION

Temporary Emergency Impact Aid Program- CFDA No. 84.938C

2006-05 Eligibility- Year ending June 30, 2006

\$10,137

Finding: The Board was unable to provide proper enrollment documentation to support reimbursement requests for displaced students.

Recommendation: The board should amend reports to reflect the excess funds received in the amount of \$10,137.

Action Taken: The board will adopt the auditor's recommendation.

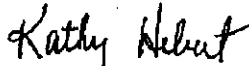

Total- Department of Education
Total

\$10,137

\$108,363

If the Louisiana Legislative Auditor has questions regarding this plan, please call Kathy Hebert at (225) 473-7981.
